Dear Friend,

It is a great pleasure for the International Federation of Psoriasis Associations, IFPA, to make this early announcement of the 3rd World Psoriasis & Psoriatic Arthritis Conference 2012.

We are honoured to invite you to our international scientific conference with focus on psoriasis and psoriatic arthritis and we kindly ask you to book the presented dates in your calendar.

The 2nd World Psoriasis & Psoriatic Arthritis Conference, held in June 2009 in Stockholm, Sweden, proved to be an even greater success than the 1st World Psoriasis & Psoriatic Arthritis Conference, 2006.

1000 dermatologists, rheumatologists, scientists, primary care providers and patient leaders from 66 countries around the world participated. Under the theme "Psoriasis – Skin and Beyond" an excellent scientific program with the latest findings was delivered by leading experts in the psoriasis field from all over the globe.

In 2012, IFPA and the 125 million people around the world living with psoriasis, hope that WHO has recognized the fact that psoriasis is serious, chronic, non communicable inflammatory disease, global access to treatment have improved, the world have greater understanding for our disease and that we are closer to a cure for psoriasis.

Follow the progress of the 3rd World Psoriasis & Psoriatic Arthritis Conference on www.ifpa-pso.org

Welcome to Stockholm in 2012!

Yours sincerely,

Lars Ettarp

President of IFPA

Chairman of the Swedish Psoriasis Association
